Stay connected with FTTH Council MENA

Dear Readers,

MENA Fibre is a monthly newsletter prepared and distributed by FTTH Council MENA to all readers interested in the Fibre world. This newsletter is sent to subscribers who have registered on our website and to our members. Feel free to forward to colleagues and friends.

As always you can find daily or weekly updates on FTTH Council MENA website and through this monthly e-newsletter. Also FTTH Council MENA team is always pleased to answer your enquiries on

info@ftthcouncilmena.org

SPONSOR NOW! Book your space at the Exhibition.

The 7th edition of FTTH MENA Conference & Exhibition

Sponsorships are available Now!

Book your Booth now to guarantee your space in the Exhibition

FTTH Council MENA is pleased to invite you to participate in the 7th edition of its annual Conference & Exhibition which will be held **under the Patronage of H.E. Minister of Transport and Communications of Oman** from 9 to 11 November 2015 under the theme "**FTTH, The Edge of a Brighter Tomorrow**".

Join us in the Sultanate of Oman and discover what's new this year!

- > Enjoy the **Exhibition** and the networking opportunities and have the opportunity to show your products by being part of our 2015 exhibitors.
- > Discover Oman with an organized **Roadshow** to explore the beauty of the country with its Fibre infrastructure.
- > Learn with our **Mini-MBA** in FTTH pre-conference workshop and from lots more events and sessions.
- > World Class speakers and presentations through the **2 Day Conference** with the hottest topics to learn more about the world of Fibre.

For sponsorship booking & speaking opportunities contact us at info@ftthcouncilmena.org

FTTH Council MENA meet with the Minister of T & C - Oman

OBC - Omantel - Ooredoo

The Chairman of FTTH Council MENA Dr Suleiman Al-Hedaithy met with HE Minister of Transport and Communication who officially accepted to grant the Patronage to our 7th edition.

We have been pleased to attend the official signature ceremony of the important partnership between OBC, Omantel and Ooredoo (Comex 2015) to use the national fibre network and be able to provide the latest and best services to homes and businesses.

Thanks to OBC support this has been a great opportunity for the council to participate in such special event and to have the opportunity to invite personally HE for the patronage of our 7th edition.

FTTH Power by FCGA - Meet with the Global councils!

The FTTH Councils Global Alliance are committed since 2011 to spread the message about FTTH in the world and show the power of fiber optics among the latest technologies.

FTTH Councils Global Alliance
- FCGA -

The annual FCGA meeting, hosted by FTTH Council MENA, will be held from 27 to 29 May 2015 in Istanbul, Turkey . The FCGA leaders will discuss the ongoing mission and strength of the global alliance to promote further the FTTH technology.

To learn more about the FTTH Councils in the world contact the FCGA President - Ms Christine Beylouni, [The Global 2015 events:](#) Director General of FTTH Council MENA at info@ftthcouncilmena.org .

FTTH APAC: 19-21 May, Jakarta - Indonesia

FTTH Americas: 29 June- 1st July, Anaheim - California

FTTH Africa: 27 - 28 October, Kigali - Rwanda

FTTH MENA: 9-11 November, Muscat - Oman

Join our Committees Now!

Take part of its recognized activities. **Members Only**

Technology & Training Committee

chaired by Mr Gamal Hegazi, Alcatel-Lucent

This Committee is an important pillar for promoting FTTH in the MENA region whereby can provide the council an advantage of presenting an agnostic view of the FTTH technology and the know-how through its

Smart Cities Ops and Apps

chaired by Mr Richard Jones, Ventura Team

The committee's mission is to accelerate deployment of ultra high-speed FTTH - highlighting deployment approaches, applications and the benefits for Smart Cities, campuses and other real estate developments in the MENA region.

technical documentation and certified training.

Policy & Regulation Committee

chaired by Ms. Christine Beylouni, FTTH Council MENA

This Committee follows and positively influences relevant policy and regulatory developments in the MENA region, that has an impact on broadband deployment in general and FTTH roll-out in particular.

It interacts with International entities on relevant topics of FTTH and Broadband policies.

Market Development & Intelligence Committee

chaired by Mr Faiq Shahrouri, OFS

This Committee works on the latest FTTH market data and evolution in the countries of the MENA region. In addition it focuses on the FTTH market development in each country of the MENA region. It will deliver related reports and market studies to be used and published as lobbying tool within governmental and national institutions to facilitate the national strategy decision making in the concerned countries.

Members can apply now by calling info@ftthcouncilmena.org to receive the committees members application form.

EDUCATION SECTION

Workshops and Training

Take the right decision and make it happen!

In order to enhance the lifestyle of the community, FTTH Council MENA is committed to educate corporate, industries, operators, governments and consumers about FTTH from strategy and decision making to the deployment of Fiber optics to the last mile and in the homes.

- The Strategy of FTTH Deployment Workshop
- FTTH Planning and Design Training - Level 2
- FOA Certified FTTH Technical Training - Fiber to the Home
- Fibre in the Home Training - Deploying Fiber in the MDU's

Check our education section and learn more about FTTH Council MENA educational activities from workshops and training which provide :

- * to leaders the right strategies, business models and decisions for FTTH deployment protecting their revenues and projects and ensuring a long term profitable service and the right QoS. [Learn more](#)
- * to the planning team the know how to do the high level design for the FTTH/FTTX network to cover the defined concerned zones in an efficient timing deployment in order to prepare the FTTH network deployment. [Learn more.](#)
- * the know-how about FTTH and Fiber Optics theory and give a good understanding to be able to chose and undertake fiber optic work including hands-on and labs exercises such as splicing, measuring with OLTS, and OTDR measurements, on P2P and PON installations. [Learn more.](#)
- * the benefit of understanding and comprehending and designing in house and in building network installations and particularly for fiber indoor installation/design. This course is a continuation of FTTH fundamentals to extend design capabilities for multi-dwelling units. [Learn more.](#)

For more information and pre-registration contact: info@ftthcouncilmena.org

Members Only

Submit and Publish your Technologies White Papers

FTTH Council MENA invites its members you to submit technical tutorials and educational material for the FTTH technologies whether passive or active or outside plant.

The papers may discuss as well the market or regulatory conditions.

In an effort to share knowledge and benefit across the MENA members and the FTTH community at large such papers will enrich the knowledge and know-how around Fiber to the home domain.

The FTTH council MENA website will host these papers as publicly available material for the members and interested community.

There is no specific deadline for submitting the papers but contributions are welcome on best effort basis.

Members of FTTH Council MENA are invited to check their information and inform us of all new data to be updated and displayed in our website.

For more information contact us at info@ftthcouncilmena.org
